Hi [@Patil, Charulata](#),

Please accept this email as formal notification of my resignation from the position A4 Analyst at Capgemini, effective today 9th March 2026.

Due to some urgent personal commitments, I kindly request an early release. As I currently do not have any active project dependencies, I would be highly grateful if my last working day could be approved as Friday, 13th March 2026.

I request your support in accommodating this early release.

Best regards,
Rishika Jain
